+54 9 2364329720 |

Creative and self-taught developer passionate about solving real-world problems through technology. With 3 years of experience working in startups and freelance projects, I've helped improve businesses and strengthen digital products. I have advanced knowledge in React, TypeScript, JavaScript, Next.js, and TailwindCSS, as well as strong communication and teamwork skills demonstrated throughout my professional experience.

Experience

Frontend Developer | [Link](#) *Zergex / Argentina* Jun. 2025 - Present

Software development company. Tech stack: Next.js, React, TailwindCSS, CSS, TypeScript, JavaScript

- Development of *Rave Dates*, an event platform based in Colombia.
- Implemented authentication, role management, payment gateways, and complex API integrations.
- Converted Figma designs into fully typed TypeScript components.
- Collaborated closely with backend developers, project managers, and designers.

Frontend Developer | [Link](#) *TPEOficial / Spain* Aug. 2024 - Jul. 2025

Software and AI company. Tech stack: React, TailwindCSS, Astro, CSS, TypeScript, JavaScript

- Frontend development and HTML email creation.
- Contributed creative ideas and executed them as part of a collaborative team.
- Optimized and maintained reusable UI components.
- Worked on animations and user experience improvements.

Frontend Developer | [Link](#) *Freelance / Argentina* Jan. 2023 - Jul. 2024

Freelance web design and development. Tech stack: React, Next.js, TailwindCSS, Firebase, GSAP, TypeScript, Node.js

- Mens House Barber: Online booking system with authentication and admin panel.
